

RENEWABLE ENERGY CHAIR
RESEARCH SCHOLARSHIP FOR POST-DOCTORAL - 1 VACANCY

25 of July of 2025

A call for tenders is open for one Post-Doc Scholarship(s) within the scope of the project “Development of a parabolic Trough concentrator system for Molten Salt Application” (MSA-Trough), financed by the European Commission's Horizon Europe sub-programme, under the following conditions:

Scientific area: Mechatronics Engineering

Admission requirements:

- Doctorate in Engineering, equivalent to the desired Scientific Area. This condition is eliminatory.
- Explicit training in the subject of medium and high temperature concentrating solar thermal. This condition is eliminatory.
- Knowledge of the design and development of concentrating solar optics, particularly with raytracing software.
- Knowledge of procedures, methodologies and experimental implementation for testing solar collectors in accordance with the international standard ISO 9806:2017.
- Good command of programming languages and experience in the use of mathematical simulation software (Python is preferred).
- Good knowledge of English and Portuguese.

Regarding the “BIPD” (postdoctoral scholarship), in terms of the requirements to be verified for their attribution (article 7 of the FCT Research Grant Regulation no. 950/2019) the need for a doctoral degree to have been obtained in the 3 years prior to the date of submission of the application to the scholarship and, in terms of its execution, the fact that it can only be renewed for a maximum period of 3 years.

Work plan:

- Applied research in the development of cylindrical-parabolic concentrators with centre of gravity in the receiver for the production of dispatchable electricity with thermal storage.
- Support in experimental activities to measure the optical and thermal performance of the concentrator to be implemented on the Évora Molten Salt Platform (EMSP);
- Support in technical-economic analysis of the solutions developed and their Life-Cycle Assessment;

UNIVERSIDADE DE ÉVORA

- Implementation of strategies to reduce solar field costs and their technical-economic valorisation;
- Support in writing research proposals aligned with the topics covered;
- Final report and possible publication of scientific results.

Applicable legislation and regulations: The granting of the Research Scholarship will be carried out upon the signing of a contract between the University of Évora and the scholarship holder, according to the version in **Annex I**, pursuant to the Research Scholarship Statute (Law no. 40/2004 of August 18, as amended) and considering the provisions of other applicable legislation and regulations, namely, the Research Grant Regulations of the University of Évora (published by Order no. 8131/2024, of July 22, 2024), and the Research Grant Regulations of the Science and Technology Foundation, I.P. (Regulation no. 950/2019, of July 22, 2024). ^o 8131/2024, of July 22, 2024), <https://files.diariodarepublica.pt/2s/2024/07/140000000/0035300366.pdf> and in the Research Grants Regulations of the Foundation for Science and Technology, I.P. (Regulation no. 950/2019, of December 16, as amended).

Place of work: The work will be developed at SOL4R of the University of Évora, under the general coordination of the Administrator of the University of Évora and the scientific guidance of the PhD Diogo Canavarro, who must draw up an opinion on the final activity report of the scholarship (**Annex II**), according to the draft in **Annex III**.

Duration of the scholarship(s): The scholarship will have a duration of 12 months, starting on November of 2025. The scholarship contract may be renewed until the end of the funding project's budget allocation.

Amount of monthly maintenance allowance: The amount of the scholarship corresponds to €1851.00, according to the table of scholarships awarded directly by FCT, I.P. in Portugal (https://www.fct.pt/wp-content/uploads/2025/02/Tabela_valores_SMM_2025.pdf), payments being made monthly, by check or bank transfer.

Selection methods: The selection methods to be used will be the following:

Academic Qualifications: 50%

Classification: 50%

Suitability: 50%

Curriculum Analysis: 50%

Scientific Activity: 50%

Expertise in the requested topics: 50%

Composition of the Selection Jury:

President: Doutor Diogo Canavarro

Advertising/notification of results: The final results of the evaluation will be publicized, through an ordered list by final grade obtained posted in a visible and public place at University of Évora (SOL4R, Edifício do Anel, Mitra), being the candidate (a) approved notified through email.

To ensure the right of prior hearing of interested parties, the Final Classification project will be announced by any written means to all interested parties.

After communicating the provisional list of the results of the evaluation, candidates have a period of 10 working days to express their opinion in a preliminary hearing of interested parties. Based on the final ranking list, a reserve selection list will be drawn up, to be used for the possible recruitment of new scholarship holders within the scope of this project, up to the duration of the scholarship, which may be used in the eventuality of the first ranked candidate withdrawing, failing to present the mandatory documentation, or in the event of the scholarship holder canceling their scholarship early. In the eventuality that none of the candidates demonstrates the profile required to carry out the work plan, the jury reserves the right not to award the scholarship.

Application deadline and submission of applications: The tender is open from 4th of August to 22th of August of 2025 and the results of the selection will be published by 1st of September of 2025.

Applications must be formalized, obligatorily, by sending an application letter with the following documents: 1) Curriculum Vitae 2) certificate of qualifications 3) letters of reference or recommendation 4) other supporting documents deemed relevant.

For the purposes of application, the evidence may be replaced by a declaration of honor signed by the candidate, but the failure to demonstrate that evidence, in the contracting phase, possession of the required degree on the deadline for application or the non-presentation of proof of enrollment in the study cycle or non-degree course, for scholarships with this component, imply the cancellation of the candidate's application.

Academic degrees obtained in foreign countries require registration by a Portuguese Institution in accordance with Decree-Law no. 66/2018, of August 16 and Ordinance No. 33/2019, of January 25th.

The presentation of the certificate is mandatory for the signing of the contract. More information can be obtained at: <https://www.dges.gov.pt/pt/pagina/recognition?plid=374>

Applications must be sent by email to:
