

RENEWABLE ENERGIES CHAIR

SCHOLARSHIP FOR MASTER DEGREE LEVEL - 1 VACANCY

29 of October of 2025

A call for tenders is open for one scholarship for a master degree level within the scope of the project agenda mobilizadora Aliança para a Transição Energética (PRR-ATE)”, financed by national funds through “PRR - Plano de Recuperação e Resiliência” and by the European Union through NextGenerationEU.

Scientific Area: Social Sciences

Admission requirements:

- Master’s degree in a relevant area of the Social Sciences, or academic training relevant to energy transition, sustainability, or social innovation. Eliminary factor.
- Strong knowledge of qualitative research methodologies in social sciences (interviews, case studies, ethnography, analysis of social practices) and the ability to critically analyze community contexts. Eliminary factor.
- Proven experience in research on the social dimensions of energy, including topics such as social acceptance, energy practices, citizen participation, or energy justice.
- Familiarity with the concept and functioning of Renewable Energy Communities (REC) and interest in studying their social, cultural, and organizational dynamics.
- Ability to develop tools for data collection and systematization (social indicators, observation protocols, questionnaires, etc.).
- Skills in scientific communication and community engagement (public engagement). Good command of spoken and written English and Portuguese.

As set forth FCT Research Scholarship Regulation No. 950/2019 of December 16, 2019, article 3 and 6, candidates for “BI” (Research Grants) must comply as a rule condition for the award of the scholarship, the effective inclusion in study cycles leading to the attribution of academic degrees or in courses not leading to an academic degree. Courses that do not confer an academic degree correspond to the courses provided for in subparagraph e) of paragraph 3 of article 4 of Decree-Law No. 74/2006 of 24 March and must be developed in a higher education institution in association with at least one R&D unit, including a course plan in one or several research areas of the unit.

UNIVERSIDADE DE ÉVORA

Work plan:

The work to be developed is part of the study of the social dimensions of Renewable Energy Communities (REC), focusing on the social, cultural, and organizational practices that influence participation, engagement, and sustainability of these initiatives. The planned activities include:

- Literature and theoretical review on energy sociology, energy practices, citizen participation, and social acceptance of renewable technologies, with special attention to Renewable Energy Communities (REC) in the European and Portuguese context;
- Analysis of social, cultural, and institutional barriers and opportunities that influence the formation and consolidation of RECs, including factors such as trust, belonging, collective values, and cooperation structures;
- Development of social analysis tools (indicators, questionnaires, interview and observation protocols) to support research and monitoring of energy communities;
- Support for case studies and local initiatives in Évora and its region, in coordination with ongoing projects at the Renewable Energies Chair;
- Contribution to technical reports, scientific publications, and communication of results to both specialized and general audiences.

Applicable legislation and regulations: The granting of the Research Scholarship will be carried out upon the signing of a contract between the University of Évora and the scholarship holder, according to the version in **Annex I**, pursuant to the Research Scholarship Statute (Law no. 40/2004 of August 18, as amended) and considering the provisions of other applicable legislation and regulations, namely, the Research Grant Regulations of the University of Évora (published by Order no. 8131/2024, of July 22, 2024), and the Research Grant Regulations of the Science and Technology Foundation, I.P. (Regulation no. 950/2019, of July 22, 2024). ^o 8131/2024, of July 22, 2024), <https://files.diariodarepublica.pt/2s/2024/07/140000000/0035300366.pdf> and in the Research Grants Regulations of the Foundation for Science and Technology, I.P. (Regulation no. 950/2019, of December 16, as amended).

Place of work: The work will be developed at Renewable Energies Chair of the University of Évora, under the general coordination of the Administrator of the University of Évora and under the scientific guidance of the Doctor Afonso Cavaco, who must draw up an opinion on the final activity report of the scholarship (**Annex II**), according to the draft in **Annex III**.

Duration of the scholarship: The scholarship will last for 8 months, starting on November 2025.

UNIVERSIDADE DE ÉVORA

Amount of monthly maintenance allowance: The amount of the scholarship corresponds to €1309.64, according to the table of scholarships awarded directly by FCT, I.P. in Portugal (https://www.fct.pt/wp-content/uploads/2025/02/Tabela_valores_SMM_2025.pdf), payments being made monthly, by check or bank transfer.

Selection methods: The selection methods to be used will be the following:

Academic Qualifications: 45%

Classification: 50%

Adequacy: 50%

Curriculum Analysis: 45%

Scientific Activity: 50%

Experience in requested topics: 50%

Interview: 10% (may not be in person) – If the jury deems so, the interview can be waived, and its weight redistributed evenly among the other selection methods.

Motivation: 50%

Projects/Experience: 50%

Composition of the Selection Jury:

President: Dr Afonso Cavaco

1st Jury member - Dr José Silva

2nd Jury member - Dr Mauro Raposo

1st Substitute: Dr Diogo Canavarro

2nd Substitute: Dr Radia Ait El Cadi

Advertising/notification of results: The final results of the evaluation will be published, through a list ordered by final grade obtained, posted in a visible and public place at the University of Évora (Cátedra Energias Renováveis, Edifício do Anel, Mitra) and the approved candidate will be notified through email.

To ensure the right of prior hearing of interested parties, the Final Classification project will be announced by any written means to all interested parties.

After communicating the provisional list of the results of the evaluation, candidates have a period of 10 working days to express their opinion in a preliminary hearing of interested parties. Based on the final ranking list, a reserve selection list will be drawn up, to be used for the possible recruitment of new scholarship holders within the scope of this project, up to the duration of the scholarship, which may be used in the eventuality of the first ranked candidate withdrawing, failing to present the mandatory documentation, or in the event of the scholarship holder canceling their scholarship early. In the eventuality that none of the candidates

demonstrates the profile required to carry out the work plan, the jury reserves the right not to award the scholarship.

Application deadline: The tender is open from November 04 to November, 18 of 2025 and the results of the selection will be published by November, 28 of 2025.

Applications must be formalized, obligatorily, by sending an application letter with the following documents: *Curriculum Vitae, certificate of qualifications, reference or recommendation letters and other supporting documents considered relevant*.

For the purposes of application, the evidence may be replaced by a declaration of honor signed by the candidate, but the failure to demonstrate that evidence, in the contracting phase, possession of the required degree on the deadline for application or the non-presentation of proof of enrollment in the study cycle or non-degree course, for scholarships with this component, imply the cancellation of the candidate's application.

Academic degrees obtained in foreign countries require registration by a Portuguese Institution in accordance with Decree-Law no. 66/2018, of August 16 and Ordinance No. 33/2019, of January 25th.

The presentation of the certificate is mandatory for the signing of the contract. More information can be obtained at: <https://www.dges.gov.pt/pt/pagina/recognition?plid=374>

Applications must be sent by email to:
